

### Some Comments By Students

- 1 Very intelligent and helpful, explained material well
- 2 The worksheets were definitely as helpful as promised, It was a fun class.
- 3 Instructor showed great knowledge in his field and reviewed prior lectures before the next class. Highly recommended
- 4 I would take another course because he made classes interesting by doing lots of activities such as lectures, slideshows and group activities
- 5 Outstanding
- 6 Zubairi is great. I will take all of his classes
- 7 Zubairi is the man

CSIT120= Computer Science Overview  
CSIT413= Computer Architecture

### Some Comments By Students

- 1 There was a lot of work that was done in the class so I learned more
- 2 He obviously knew a great deal about the topic
- 3 Tough class but I need a challenge every so often
- 4 I learned a lot of concepts in this course and it really helped me get more interested in computer science
- 5 Excellent teacher
- 6 Great instructor. He kept you attentive, made the material enjoyable, fun to attend the class and was enthusiastic
- 7 The worksheets are excellent. They are a great way of reviewing previous material. Also in class discussion is great
